TO WHOM IT MAY CONCERN

RE: Rotobate Compaction Solutions Inc.

Rotobate have been supplying and installing wet (self-contained) and dry (stationary compactor plus bin) compactors at our Real Canadian Superstore, Extra Foods, and Real Canadian Wholesale Club stores across Western Canada since 2004.

They have met many challenges over this period; successfully coordinating deliveries with our General Contractors and installations with our Project Managers, Store Managers and waste haulers.

Steve Sequeira and Dave Ammerman are customer focused and a pleasure to deal with.

Sincerely,

Loblaws Inc.

W.J. Payne  
Senior Manager Engineering Services
